There are several options for having your items of interest evaluated

If there are just a few things and only an approximate idea of their value is required, you can use the form on the [Contact Us](#) page, email or phone, to send their descriptions through and I can provide a quick assessment at no charge for this service.

If there are a few items of a more specialized nature, eg old Australian banknotes, where condition is more relevant, you would most likely need to email me images, or bring items to the shop for inspection and assessment. There is no charge for this service.

If there is a significant collection, and a certificate/letter is required for insurance purposes, you can provide me with a detailed list and I can value and print a report that can be posted out to you, which will meet the insurance companies requirements. This service will be in the vicinity of \$25.
